

"The Most Appetizing Window in Town"

To lovers of sea food, the window of Queen's Restaurant in East 59th Street is absolutely irresistible. It takes 750 pounds of Knickerbocker Ice to dress the window each day. And each day, over this crystal-clear surface, a perfect picture is made, composed of all the delicious food treasures old Father Neptune offers. Color is gotten by the use of shrimp, lemon and parsley. The proprietor of the Restaurant says that his Knickerbocker Ice window is his best advertisement.

The different ice window every day is also an assurance that the sea food is always perfectly fresh. Add to this perfect cooking, and you'll understand why food at "Queen's" is to the Queen's and everybody's taste.

PINCHOT MEN CLAIM VICTORY BY 300,000

Declare Democrats Will Be Overwhelmed in Pennsylvania by His Vote.

HOT BATTLE IN OHIO

Republicans Say Fess Will Win Over Pomerene by 125,000.

HARDING BALLOT BY MAIL

Beveridge Ends Campaign in Indiana With His Workers Confident.

WASHINGTON, Nov. 6.—President Harding and four of his official family—Secretaries Hughes, Weeks and Wallace and Attorney-General Daugherty—already have marked their ballots in to-morrow's election, mailing them to their home towns. Secretaries Denby and Fall and Postmaster-General Work will vote in person at their local places of residence, but the other three Cabinet officers—Secretaries Mellon, Hoover and Davis—will not vote.

Mr. Mellon was prevented from registering at the available times by pressure of public business and Mr. Hoover, who is on his way West to attend a meeting of the Colorado River Commission at Santa Fe, N. M., is unable to reach his home State of California in time for election, while Secretary Davis is unable to leave his duties here.

PHILADELPHIA, Nov. 6.—W. Harry Baker, Republican State chairman, said to-night he expected a plurality of 300,000 for Gifford Pinchot, gubernatorial candidate, and about the same vote for the rest of the ticket. A. E. McCullough, Democratic State chairman, stuck to his claim that the Interior of Pennsylvania would cast a vote for John A. McSparran large enough to overcome the majority Pinchot will receive in Philadelphia. Chairman Lank of the Democratic City Committee conceded to Pinchot a majority of 65,000 in Philadelphia.

Beveridge's Last Address.

INDIANAPOLIS, Nov. 6.—Albert J. Beveridge, Republican nominee for United States Senator, delivered a final address to-night at Marion, while Samuel Ralston, his Democratic opponent, spoke at New Augusta. Workers of both major parties were optimistic regarding the result of the election, although neither claimed victory by extravagant pluralities.

COLUMBUS, Ohio, Nov. 6.—Democratic headquarters predicted to-night that Senator Atlas Pomerene, seeking reelection, would lead the ticket with one of the largest majorities ever given to a candidate for that office and that A. V. Donahay would be elected Governor. Indiana headquarters authorized the statement that Representative Fess would defeat Pomerene by more than 125,000.

Hot Fight in New Hampshire.

MANCHESTER, N. H., Nov. 6.—Republican and Democratic party managers to-night expressed equal confidence in success to-morrow. Many contradictory forecasts dealt with the hotly contested campaign in the First Congressional district for a successor to Representative Burroughs, Republican.

MONTPELIER, Vt., Nov. 6.—Vermont Republican leaders said to-night their only interest lay in the size of their majorities in a State which always has gone Republican. The Democrats said they had a chance of electing one Representative in Congress.

PROVIDENCE, Nov. 6.—Whether former Governor R. Livingston Beekman, Republican, would defeat Senator Peter Goddard, Democrat, in the election to-morrow was the foremost question agitating Rhode Island politicians to-night. Leaders of both parties professed confidence.

CHICAGO, Nov. 6.—Republican leaders are watching the Congressional battle in the Eighteenth district, where William P. Holaday of Georgetown is the party nominee to succeed Uncle Joe Cannon, who is retiring after forty-six years of service. Mr. Holaday is opposed by Andrew B. Dennis, Democrat.

BOSTON, Nov. 6.—John F. Fitzgerald, Democratic nominee for Governor, asserted to-night that indications all over the country pointed to a great Democratic sweep, while Gov. Channing H. Cox, Republican, seeking reelection, said that from every part of this State had come assurances that he would be successful. Senator Henry Cabot Lodge, recuperating from a recent indisposition, did not take the stump to-day.

'AL' NOT AT TAMMANY AS BRAVES WHOOP BY O'Brien Red Fire Parade Turns to Democratic Rally.

Corporation Counsel John P. O'Brien ended his campaign for Surrogate of New York County last night in a blaze of red fire and an automobile parade, extending from Fifty-seventh street almost to the Battery. What started out to be a strictly O'Brien affair wound up in a demonstration for the whole Democratic family, with apparently every person of Tammany tendencies owning an automobile and a suitable banner joining in the procession.

It was expected that "Al" Smith would be at Tammany Hall to review the parade, but through some hitch or other the whole procession passed the hall with only a few lesser lights on hand to cheer them on. At Tammany Hall the 300 cars, all loaded to the mudguards together with a half dozen light-seeking buses, filed past the hall to the strains of "Tammany," played by a somewhat hectic band crowded into one of the cars.

COPELAND RECEIVED \$7,275, SPENT \$5,954 IN CAMPAIGN

Democratic Nominee Reports Expenses up to October 28—Gerard Contributed \$1,000—Senator McCormick Optimistic.

Special Dispatch to THE NEW YORK HERALD.

New York Herald Bureau, Washington, D. C., Nov. 6.

Dr. Royal S. Copeland, Democratic nominee for the Senatorial seat occupied by Senator Calder (N. Y.), reported to-day to the Secretary of the Senate that up to October 28 he has received in contributions for his campaign \$7,275 and has spent \$5,954.

James W. Gerard, formerly Ambassador to Germany, contributed \$1,000 to the campaign fund and W. R. Comfort, William Fox and John C. Weadock each gave \$500. Other contributors included George Gordon Battle, who gave \$250, and E. P. Yeaman, whose contribution was \$200. The chief expense item was \$2,500 used at headquarters.

Senator McCormick (Ill.), chairman of the Republican Senatorial campaign committee, after six weeks' campaigning, returned here to-day. He refused to predict the outcome of the election, but is confident that the Republicans will retain control of both houses. He issued the following statement:

"I am voting by mail and am leaving to-morrow to see my mother, who is in Europe. In Italy, Germany, France and

Great Britain I shall make inquiry as to the economic conditions and as to American collaboration in the economic rehabilitation of Europe. We are interested in her economic recovery, in the balancing of the budgets of European countries and in the market for American manufactures and for American agricultural products, of which Europe stands in great need. If the governments of the European States are resolute in their determination to bring about the economic recovery of Europe, there will be many in this country who will favor helping to this end although they are opposed to American political alliances with European powers."

Secretary Weeks returned to his office to-day and announced that he saw no evidence of a landslide in favor of Democratic nominees "for anything that even remotely resembles one."

He is confident the Republicans will have as many Senators in the next Congress as they have in this. The Republican majority in the House, Secretary Weeks admitted, will run somewhat reduced. He has no fears that the Democrats will stage a "comeback" so sweeping as to give them control of the House.

FEDERAL MARSHALS GUARD JERSEY VOTE

Democrats Say Republicans Have Brought In Outside Deputies.

Two hundred and fifty United States deputy marshals, principally from Pennsylvania and from the Department of Justice headquarters in Washington, will be on duty in Newark, Jersey City and elsewhere in Essex and Hudson counties, New Jersey, to-day to protect the ballot.

Hudson county is a Democratic stronghold, and it is understood that Republicans were responsible for the assignment of the outside deputies. A representative of William J. Burns head of the Department of Justice bureau of criminal investigation, will be in Jersey City all day, it was said.

Judge Hyman Lazarus of Hudson county mailed letters to all chiefs of police in the county directing their attention to section 303 of the election law, which provides that no person shall be allowed within 100 feet of a polling place except voters, officers of election and uniformed officers charged with the maintenance of law and order.

Senator Alexander Simpson of Jersey City, a Democrat, who is seeking reelection, requested Judge Lazarus to send out the letters. The plain clothes deputy marshals will not be on stationary duty all day.

Campaign money has been flowing so freely in Newark, from all appearances, that even agents of the Department of Justice, who have been in Essex county investigating registration frauds, have not been able to get out of the way of the deluge. It was reported yesterday that on October 17, the last day for the registration of Newark voters, two investigators, disguised as "floaters," received money to register in the Fourth ward of that city.

Another agent, who refused to disclose his name, told of how "registration workers" had bribed "floaters" in one precinct of the Fourth ward. Their money gave out under pressure of the heavy drafts made on it by illegal registrants and when they went to a bank in Broad street to replenish their supply two agents trailed them. When they got the money the agents trailed them back to the registration place and there saw them pass money to "floaters."

Intimidation of voters is feared in Newark to-day and Department of Justice agents will be on hand in every suspected election district to prevent any moves of this nature.

JOHNSTONE CAMPAIGN WINDS UP AT MIDNIGHT

Judge Makes Eight Eleventh Hour Speeches.

Judge Robert S. Johnstone, candidate for reelection to General Sessions Court, did some eleventh hour campaigning until last midnight. He filed eight speaking engagements at the Thomashefsky Theater, in Second avenue near Second street; the Labor Temple, in Eighty-fourth street near Second avenue, and the Maenherhor Hall, in Fifty-fifth street near Third avenue. He told of his work, while an Assistant District Attorney, in protecting in the courts the rights and privileges of labor and the working classes.

Judge Johnstone, although a Democrat, was nominated by the Republicans after Gov. Miller had appointed him a Judge to fill an unexpired term.

SIX SCHOOLS HEIRS OF ROBERT K. SMITH

Specific Bequests of \$935,000 to Institutions and Relatives in North Carolina.

The will of Robert K. Smith, former president of the Federal Tin Company, and a vice-president and director of the Lorillard Company, who died at his farm near Orange, Va., October 24, was filed for probate here yesterday. Mr. Smith made specific bequests to relatives and public institutions in North Carolina aggregating \$935,000. The residuary estate, of undesignated size, will be shared by two nieces and five nephews.

Mr. Smith gave \$50,000 each to the University of North Carolina and Davidson College, Davidson, N. C., and \$10,000 each to the missionary district of the Episcopal Church for use in Valle Crucis School, Valle Crucis, N. C.; Lees-McRae Institute, Banner Elk, N. C.; Glade Valley High School, Glade Valley, N. C.; and to Cross-Nore School, Inc., Crossnore, N. C.

William Osmond Smith of Milton, N. C.; Francis P. Smith of Durham, N. C.; Edwin Comer Smith of 2206 Ceell avenue, Baltimore, and Robert K. Smith of Grantsville, Ohio, nephews, are to receive \$100,000 in addition to shares of the residuary estate. The will makes similar provisions for Mary A. Griffith, of Scarsdale, and Helen L. Wooding, of Sutherland, Va., nieces. Richard Ivy Smith, of Cascade, Va., a nephew, gets \$75,000. The farm near Orange, with its equipment, goes to William Osmond Smith.

William G. Smith of Milton, N. C., a brother, receives \$30,000. John B. Smith, of Sutherland, Va., another brother, gets \$50,000 in trust.

Mr. Smith owned only personal property in New York. He retired from business about two years ago and used to live much at the Metropolitan Club.

DISABLED MEN SAY THEY WILL VOTE OR GO TO JAIL

Veterans at School Will Go to Polls in Body, 45 Strong.

Special Dispatch to THE NEW YORK HERALD.

PORT JEFFERSON, L. I., Nov. 6.—Forty-five disabled war veterans, who are studying at the Federal Vocational Training School here and whose right to vote appears to have been questioned in a ruling by the Attorney-General, have decided to go to the polling place of the Third Election district to-morrow in a body, determined to cast their ballots. "We will vote or go to jail trying," they declared.

Jacob A. Dreyer, formerly a Justice of the Peace, who publishes a newspaper here, is interested in the veterans and has arranged for a lawyer representing the New York City Democratic organization to accompany them to the polls. Many of the students thought they were required to register in their home precincts, but were advised they had been away too long and would have to vote in the district in which the school is located. They were legally enrolled there, Mr. Dreyer said, and he thinks that it is because they are a unit against Senator Calder that an attempt is being made to disfranchise them.

An alleged communication from Sheriff Kelly of Suffolk county, in which he requests Judson W. Jones, director of the school, to use his influence to keep the former soldiers away from the polls, has caused indignation among the students. They claim they have been residents at the school longer than the time required to establish a legal residence. Director Jones says he will not interfere with the rights of the men to vote.

BIG WHISKY ARMADA RUSHES DRY CRAFT

Liquor Valued at Millions Brought Up to Replace That Landed.

FEDERAL HANDS TIED

Long Range Golden Shells Said to Hurt Morale of Some Officers.

AID OF CONGRESS SOUGHT

Wet Spies Cut Efficiency of What Few Vessels Dry Navy Possesses.

Handicapped by lack of funds with which to employ men and motor launches, the prohibition enforcement department is fighting a futile battle in its efforts to prevent the landing of thousands of cases of Bahama whiskey from the fleet of liquor laden vessels anchored four miles off the Atlantic coast, immune from Federal molestation so long as they do not come within the three mile limit.

With the strength of the "whisky armada" admittedly greater than that of the dry forces, it is practically impossible for the small number of Federal operatives engaged in the fight to cope with the situation. The movements of virtually every dry agent are being watched by spies of the alleged international bootleg ring, which is lavishing gold in an effort to corrupt the Federal men.

The "liquor flotilla" has become a "double menace" since the State Department ruling that contraband carrying craft cannot be molested outside the three mile limit, according to one of the Federal operatives engaged in "the battle against Bahama." Many officers in Long Island counties, he said, already have been "lured by lures" to "look the other way" while contraband is brought ashore.

That the "rum barrage" is to be continued on a larger scale than ever before is evidenced by the fact that 50,000 cases of whiskey were cleared out of Nassau last week, ostensibly for St. Pierre, Miquelon or Tampico, Mexico, but actually for consumption by thirsty Americans. Preparations have been made to clear more than 50,000 cases this week. The New York Herald learns from an official source.

Whisky stocks valued at upward of \$20,000,000, foreign prices, are at the disposal of the Nassau headquarters of the bootleg ring. The liquor is sold at wholesale quotations of from \$25 to \$35 per case in Nassau. The small boats of "independent" bootleggers pay the rum running schooners from \$50 to \$65 per case for the wet goods and run the risk of bringing it to shore. The "New York Herald" quotes the whisky at retail prices of from \$90 to \$100 per case in quantity lots.

Recognizing that the State Department

DAIRY ANIMALS

"The keeping of dairy animals," says a learned doctor in one of our universities,

"Was the greatest factor in the development of man from a state of barbarism."

Our primeval ancestors would be astonished at the great herds of cows in America,

And even more astonished at the richness of the milk served at CHILDS.

Produced by healthy stock under ideal conditions, it is warranted pure.

ment ruling has opened the way for the bootleg ring to flood Atlantic coast cities with contraband liquor, prohibition officials believe that Congress immediately should make a large appropriation for the emergency that thus arises. What recommendations will be made by E. C. Yellow, acting prohibition enforcement director, he has not revealed.

Efforts of dry agents, customs department operatives and members of coast guard station crews to patrol the coast line in a concerted campaign to thwart the landing of contraband are ineffectual because of the great odds against them. The motor launches that go between shore and the "whisky armada" greatly outnumber the force of men employed in trying to capture them. A force of dry agents ten times as large as the present one would be put very much to task in obliterating the ramifications of the rum fleet.

CANDIDATE'S MOTOR CAR ADVERTISES HIS RIVAL

Harry Bushel's Poster Has Cashmore's Picture.

Republican friends of Harry Bushel, candidate for Assembly from the Fifth district in Brooklyn, did not know until last night, nor did he, that for more than a week he had carried on the back of his automobile a boldly displayed picture of his Democratic rival, John Cashmore.

At the start of the campaign Bushel strapped to the back of his motor car a large banner with a hole in the center. Behind this he fastened one of his poster cards with his picture and name on it. When the discovery was made last night that "John Cashmore" was peering through the opening instead of himself, Bushel made a quick change. Several Democrats hard by informed him then that Cashmore's picture had been on his automobile more than a week, probably put there by some old fashioned Tammany man.

DEMOCRATS COUNT ON 3 CONNECTICUT CITIES

Republicans Predict Victory in State by 40,000.

Special Dispatch to THE NEW YORK HERALD.

HARTFORD, Nov. 6.—J. Henry Ross, back chairman of the Republican State Central Committee, asserted to-night that Connecticut will go Republican by 40,000. Edward M. Yeomans, chairman of the Democratic committee, expected a Democratic victory by 17,000.

Hartford, New Haven and Meriden seem likely to swing into the Democratic column, but the majorities in these cities will be more than made up by the small town vote, solidly Republican. Both parties are resting to-night. The candidates have finished their vocal appeals for votes and the major now rests with the district leaders and the voters.

That the "rum barrage" is to be continued on a larger scale than ever before is evidenced by the fact that 50,000 cases of whiskey were cleared out of Nassau last week, ostensibly for St. Pierre, Miquelon or Tampico, Mexico, but actually for consumption by thirsty Americans.
